Course Overview

The objective of the OTHM Level 4 Diploma in Project Management is to develop a learner's practical project management skills and prepare them to work in a wide range of contexts. The Level 4 units provide an introduction to relevant project management principles and practice. These units include both theoretical and practical content, and learners will be able to gain knowledge and skills in the areas of project management, people management, and business finance as well as business marketing. They will also learn about the importance of reflecting on their current practice, identifying their own learning needs and professional development.

Successful completion of the OTHM Level 4 Diploma in Project Management will support learners progressing to university, and to provide learners with the requisite skills and knowledge to enter the world of work in their chosen sector.

Modules
