RISK MANAGEMENT

LEADING TO
MSc (TOP UP)

Course Overview

The Qualifi Level 7 Diploma in Risk Management is a comprehensive program designed to equip learners with the necessary skills and knowledge to effectively manage risks in organizations. Throughout the course, learners will be exposed to a range of topics, including ISO standard 'harmonisation' programmes, organizational strategy and risk plans, contemporary issues in CSR risk management systems, and risk financing options available for an organization. Additionally, learners will learn how to evaluate a range of tools to assess an organization's position in the market and prepare a risk management plan to mitigate potential risks. The course also covers mathematical models such as VaR, CVaR, and EVaR, and teaches learners how to develop and design a research proposal on a chosen risk management-related topic. Successful completion of this diploma opens up opportunities for further study or employment in the field of risk management
